Biography

Dr. Robert Lane is an orthopedic surgeon with Goshen Physicians Orthopedics & Sports Medicine. He specializes in complex surgeries of the hand and upper extremities and has advanced training in microsurgical repair of arteries and nerves. Dr. Lane cares for patients with a wide range of orthopedic disorders, including fractures, arthritis, dislocations, ligament injuries, sprains and strains.

Philosophy of Care

For Dr. Lane, the ultimate goal in treating patients is to help them return to sports, work, hobbies or doing whatever it is they love. He is dedicated to delivering the highest level of compassion, expertise and honesty with patients. Dr. Lane believes patients deserve treatment that best serves their values, goals and individual needs.
