About Me

Mohammed Ezuddin, MD, is a board eligible diagnostic radiologist with a fellowship in vascular and interventional radiology. He specializes in using medical imaging procedures to diagnose and treat patients with a range of injuries and diseases.

Dr. Ezuddin sub-specializes in neuroradiology and focuses on abnormalities in the nervous system, spine, head and neck. He uses neuroimaging techniques to diagnose strokes, tumors, aneurysms, Alzheimer's disease and other neurological disorders.

As a member of Radiology, Inc., Dr. Ezuddin provides radiology services at Goshen Hospital and Elkhart General Hospital.

Away from his medical practice, Dr. Ezuddin continues to support public health efforts around the world. He founded Project Downtown, a service organization that provides food for homeless populations in cities across the U.S. The organization has distributed more than 1.3 million meals to those in need.

Philosophy of Care

Dr. Ezuddin works with a full team of specialists and providers to provide care tailored to each patient's needs. He encourages patients to take an active role in their medical care and make decisions about the treatment option that best fits their preferences.

Research/Clinical Interest

- Interventional and diagnostic imaging
- Diagnostic neuroradiology
- Prostate artery embolization
