Biography

Dr. Jingpin Li is a board certified family medicine physician at Goshen Physicians Family Medicine Pro Park. She provides comprehensive primary care for patients of all ages, from newborns and pre-teens to young adults and older populations. Her medical experience includes an emphasis on women's health and disease management for patients with diabetes, heart failure, depression and other complex conditions. She also has specialized training in addiction medications and long-term contraceptives.

Dr. Li is a first-generation American and a cat lover, despite her allergies. When she is away from medical practice, she is an avid runner and trains for 5K races.

Philosophy of Care

Dr. Li believes in patient inclusivity and empowerment. She gets to know patients as individuals and encourages them to take an active role in their health care. Her approach is based on using evidence-based medicine to meet each patient's preferences and needs.

Research/Clinical Interest

- Women's health
- Diabetes
