Biography

Dr. Brian Miller is a family medicine physician with Goshen Physicians Family Medicine Keystone. He provides complete care for the entire family, from newborns and adolescents to young adults and older generations. Dr. Miller has a special interest in preventive care and helping patients take care of their overall health.

When Dr. Miller is away from his medical practice, you can find him outdoors on a hike with his two children, out for a run or pedaling his bike along area trails.

Philosophy of Care

Dr. Miller takes a team approach to family medicine. He believes patients can better their health by working with their healthcare providers to find creative solutions to complicated problems.

Research/Clinical Interest

- Preventive care
- Contraceptive implants
