About Me

Ashley Hardy, MD, is fellowship trained and board certified in complex general surgical oncology. After graduating with honors from Wake Forest University, she received her MD at the University of North Carolina, Chapel Hill. Dr. Hardy completed her residency in general surgery at Northwestern University where she also spent two years doing cancer research. She then went on to complete a fellowship in complex general surgical oncology at Fox Chase Cancer Center of Philadelphia. Dr. Hardy's education included training in managing a variety of malignancies. She has a particular interest in the treatment of melanoma, sarcoma, and colorectal cancer. She now brings her expertise to the Goshen Center for Cancer Care.

Philosophy of Care

Dr. Hardy believes in providing patients with compassionate, individualized care. She devotes the time necessary to answer questions and educate her patients to ensure they can make informed decisions regarding their treatment. She also understands the need for a multidisciplinary approach to taking care of cancer patients, and is committed to working alongside other members of the healthcare team to create the best treatment strategies possible for each patient.
