About Me

Kristina Jackowiak, is a certified physician assistant, specializing in emergency medicine. She is part of the urgent care team, providing care through the Goshen Physicians Family Medicine & Urgent Care. Kristina collaborates with doctors, nurses and other urgent care providers to best manage the health concerns that bring patients and their family members to the urgent care clinic.

Philosophy of Care

Kristina has a passion for helping people stay healthy, maintain their well-being and improve their quality of life. She believes the best patient care is done when providers and patients work together as a team. Her training and interests have led her to treating acute pathologies. Kristina strives to build rapport with her patients, whether she sees them in a single incident or over several visits. She enjoys the diversity of urgent care patients, communicates well with people of all ages and looks for opportunities to teach patients about their health conditions to improve their quality of life.
